Name: _____
Mailing Address: _____
Phone Number: _____ Email: _____

System Information:

Date installation completed: _____ Net meter connected with GWS Electric: _____
Module manufacturer & model number: _____
Inverter manufacturer & model number: _____
Nameplate rating: _____
Warranty Details: _____
NABCEP certification # (required): _____
PVWatts estimated annual AC Energy (kWh)* _____
Rebate Expected (\$1.25/watt; up to 6kw residential and 10kw for commercial): _____

**Please attach copy of PVWatts Version 2 report AND One Line Drawing of Installation*

PV Rebate Requirements and fine print (system owner should review and initial each item and sign below):

_____ I am a customer of Glenwood Electric Department and am the homeowner, or the commercial building owner where this system was installed.

_____ I understand that CLEER, City of Glenwood Springs and Glenwood Electric are not responsible for items lost or delayed in the mail, or any rebate delayed due to incomplete or incorrect information; are not responsible for any taxes that may be imposed as a result of your receipt of any rebate; and disclaim any and all liability, loss or damage that may arise as a result of the applicant's or contractor's participation in this program.

_____ I have completed an energy audit (residential customers only) and have submitted to CLEER as part of this application.

_____ This system is constructed of new parts and components and no part of installed system uses parts recycled from previous systems at installation address.

_____ This system is tied to the grid with the ability for net metering.
_____ Certifying installer holds NABCEP certification in PV.
_____ System was not installed or inspected more than 90 days prior to submission of this form.

_____ I understand that other rebates may be available and applying for those are my sole responsibility.

_____ I understand that CLEER or Glenwood Electric may inspect my system at a mutually agreed upon time. I understand that refusing reasonable access for inspection may result in application denial. If my system fails inspection by said parties, it must be re-inspected and approved before I can receive a rebate. CLEER or Glenwood Electric will issue an inspection report indicating and problems and suggesting remedies.

_____ I have received an owner's manual and documents specifying system installation, maintenance, service and replacement parts, potential system hazards, and system component warranty coverage and claims procedures.

_____ I have attached a copy of the final electrical inspection, a copy of the PVWatts report, line drawing of installation, itemized contract or invoice and proof of payment for this installation (invoice with zero balance or marked paid or cancelled check/credit card receipt)

Applicant Signature: _____

Date: _____

Installer Certification:

This system meets the requirements of Glenwood Electric Department's solar rebate program. I currently carry NABCEP certification for solar PV. I have supplied the required customer information and have estimated the value of the incentive to be paid to the consumer. I understand that the system may be inspected, and if it is determined by the CLEER and Glenwood Electric that I have deliberately misrepresented information in this application, I will be considered ineligible to certify future applications. By signing below, I certify that the system described in this application is installed and operational and that the information provided in this application is accurate and true.

Certifying installer (print name): _____

Installer signature: _____

Date: _____
