	Standard tank - .67 EF	\$80	
	Tankless - .82 EF	\$100	

Note: *Participation in Xcel Energy residential rebate programs requires that the contractor register with Xcel Energy. To become an eligible contractor, visit www.xcelenergy.com. Select "Colorado" from the state menu (left). Then, select "Energy Partners" tab from the top of the Web page. Click on "Trade Partners". On the Trade Partner page, select the "Residential Programs" button from the left-navigation area and follow the instructions to register. In addition to contractor registry, some programs require special training as mentioned above.
